

Madame,

Merci beaucoup! I could not have had a better French 1 experience than I did with the class and you as the teacher, especially.

Just today at Michael S.'s birthday lunch (with Lulu, Hannah, our moms and Michael), we talked about our classes and French class especially. And I cannot tell you how much we discussed your name with praise and love. We went back and forth, telling the stories of how great a teacher you are and all the fun memories we had with you.

We discussed how you always put students first, always have amazing snacks, and how you are truly what a Sacred Heart faculty member should be.

Your constant hard work and care for your students is truly admirable. I will never forget you and the French 1 class!

Merci,

Claire
