

Mr. Everitt,

I just wanted to take a moment to tell you how impressive [my French teacher] has been. I remember last year how intensive the search process was for finding the perfect French teacher, and you have done an outstanding job of finding one!

I speak for my entire class when I tell you how thoughtful and dedicated she is. She truly spends each moment of the day available to us, offering assistance at every hour, and even staying until 6 or 7 p.m. to help us understand various concepts, despite her long commute to the city. She designs each test and quiz with much precision and clarity.

I have never had a better teacher who puts in as much time and effort as she has (other than you of course!). She is a very fair grader, and replies to each email I send her within the hour. In addition, she creates very thorough and appropriately challenging homework and in-class assignments for us.

I have also been a member of her French club this year, in which she orchestrates fun and useful activities, and we are encouraged to speak fluent French in both class and in the club.

I just wanted to give you a student's perspective on the new teacher, and let you know she is such a great asset to our school!

Have a great summer!

Thanks,

Christine, F3H
